

Luxury Lodge Range

Over 50 years of manufacturing excellence.

Omar Group is the UK's leading manufacturer of luxury lodges and park homes, offering an extensive choice of styles to suit a range of tastes and budgets.

We offer a wide range of floor plans and décor styles so you can choose the perfect look and layout. We also offer built-to-order bespoke options to suit your individual requirements – such as catering for additional needs.

As no two holiday parks are the same, all our lodges are available in a choice of colours and claddings. A variety of window colours, soffits and rainwater goods are also available.

All our lodges are built to residential standard BS 3632, meaning they are suitable for use throughout the year and are built to last at least 50 years.
