We offer a wide range of floorplans and décor styles so you can choose the perfect look and layout. We also offer built-to-order bespoke options to suit your individual requirements – such as catering for additional needs.

As no two residential parks are the same, all our park homes are available in a choice of colours and finishings. A variety of window colours, soffits and rainwater goods are also available.

All our park homes are built to residential standard BS 3632, meaning they are suitable for use throughout the year and are built to last at least 50 years.
